

# CHRISTINA NGUYEN

*B.S. Engineering at Olin College  
San Francisco, California  
me@chrnguyen.com  
858 736 4245*

---

## UX DESIGNER

*Everwonder Labs  
Oct 2013 - Present*

### *UX Skills:*

*Interaction Design, Mobile UX, Information Architecture, A/B Testing, Usability Testing, Wireframes, Responsive Web Design*

### *Technical Skills:*

*HTML/CSS, Git, Javascript, Photoshop, InDesign*

Provided market research, user experience, and social media consulting

- CrowdComfort: iOS, Android, and responsive web application design
- Framed Data: identified opportunities and created flexible interview scripts

---

## PRODUCT DESIGNER

*Riparian Data  
May 2012 - Nov 2013*

Spearheaded user experience for responsive web application and iOS application

- Prepared scripts and prototypes and facilitated in-depth user interviews, remote and in-person usability tests and contextual inquiries
- Synthesized findings into recommendations and mockups to feed into Agile engineering team's development cycle, and continually testing and iterating with newer prototypes

---

## CO-FOUNDER

*Alight Learning  
Sep 2008 - Jan 2010*

Took a year off from college to develop a web application to engage middle school students in learning through personalized, collaborative activities

- Identified problems and potential solutions through 3 months of ethnography and pedagogical research across dozens of middle and high schools
- Set up technical infrastructure to collaborate internally and deploy code to beta classrooms
- Led front-end development of beta prototype with interns and started usability testing
